NewU Presents The Book of James: Practical Wisdom for Perilous Times. James, the half-brother of Jesus, wrote this small but important book to instruct us how to live practically, powerfully, and purposefully in the world that surrounds us daily. In James we find how to receive Wisdom from God, how to overcome trials, and how to live an abundant life here while looking ahead to the rewards of Heaven. James is perhaps the most practical book in the Bible for us. Three Monday nights: August 16, 23, & 30 at 6:30 p.m. in the NewU classroom suite. Classes taught by Pastor Rick Ives. Sign up today on the get connected form. Registration is \$15 (payable first night). No childcare available

As the people of Fellowship, our vision is to lead people to experience **new birth** in Christ, a **new life** in the Spirit, and a **new church** that is making impact worldwide and on the streets of Springfield. • In 2010 and 2011, our goal is to surrender to the call to be this kind of church, made up of this kind of people. In short, we want to use every avenue available to infect our city with Christ and "link" people to a vision of new birth, new life, and new church. • Fellowship Link* is a systematic and reproducible approach to fulfilling our vision/mission. We know you have questions and need answers; find more information at the Get Connected Center.
